MANUFACTURERS REPRESENTED

360 Water

360water provides online continuing education and Customized Operation and Maintenance Training to the water and wastewater industry.

Flygt A-C Series (Allis Chalmers) Custom Pumps

Non-clog dry pit pumps, split case and vertical column pumps.

American Cone Valve

Cone valves are pump check (shutoff) valves, and throttling valves and can be operated manually, with hydraulic cylinders or with electric actuators.

ARO Diaphragm Pumps

Efficient air operated diaphragm pumps designed to handle the most challenging water and wastewater applications.

Blacoh Fluid Control

Protect your systems against water hammer, vibration, breaks and leaks with Blacoh dampeners, and gauge isolators.

Crane Pumps & System

Barnes, Burks, Crown, Deming, Prosser and Weinman pumps provide innovative designs and durable construction for water and wastewater use in the municipal market.

Deragger

Intelligent pump-monitoring and anti-ragging solutions delivering improvements to your operations providing increased pumping efficiency, reduced operational and energy costs.

Fusion Fluid Equipment - Mixers

Industrial and Sanitary mixers, mixing accessories, and complete agitation systems for various processes.

Gorman-Rupp

Super "T-Series", "Ultra-V" self priming centrifugal pumps, engineered pump stations, submersible pumps, Reliasource engineered packages and pump stations.

ITT Goulds Pumps

Horizontal end suction centrifugal, multi-stage, double suction, vertical turbine, grit and submersible pumps for water and wastewater service.

XYLEM AWS Goulds Water Technology

End suction centrifugal and vertical turbine pumps, controllers and drives for water and wastewater applications.

John Crane

Cartridge, split, world's first gas lubricated, non-contacting pump seal, LEMCO seal support systems, and seal water control and monitoring systems.

Gardner Denver Nash

Liquid ring vacuum pumps and compressors, PD Blowers and IQ Blower packages - Wastewater aeration.

Shelter Works

Pre-fabricated & custom engineered fiberglass & composite shelters.

Smart Cover Systems

SmartCover® Systems™ monitoring provides comprehensive, system-wide visibility for level, flow, rain, tidal and river data in sanitary sewers, combined sewers and storm water flows.

Toshiba Flow Meters

Automation solutions for water and wastewater treatment, such as flowmeters and microwave density analyzers.

Tsurumi Pumps

Vast range of submersible pumps engineered to withstand the most rugged applications.

Uniguard

Standard & custom HDPE, OSHA Complaint machinery guards.

REPAIR SERVICE CENTERS

Field Service & Local Sites

14 repair service centers throughout the Southeast U.S.

Tencarva offers expert repair service for:

- Centrifugal pumps
- Vertical turbine pumps
- Split case pumps
- Submersible pumps
- Metering pumps
- Blowers
- Gearboxes
